HOW TO MEASURE

- For best results, have someone else take measurements.
- Measure body in underwear.

- If measurements fall between two sizes, order the larger size.

1 HEAD	Around your head, from the center of the forehead, above the ears and over the natural bump at the back of the head.
2 ARM LENGTH	Let the hands hang down on the side in a slightly bent position. Measure from the center of the back of your neck, along the length of your arm, to the wrist.
3 CHEST / BUST	Measure under your arms, around the fullest part of your chest.
4 WAIST	Measure around your natural waistline, keeping one finger between the tape and body.
5 HIPS	Across the widest part of the seat.
6 INSEAM	Without shoes, from crotch to the floor.

What code represents your style?

- 1 Find your size and color.
- 2 The corresponding code is THE CODE you use to complete the part number on your order.
